

# JON DERECK D. NIFAS

Lingayen, PAN |099-004-9187| [ionnifas@gmail.com](mailto:ionnifas@gmail.com) | Portfolio ([idnifas.netlify.app](http://idnifas.netlify.app))

## CERTIFICATES

- Google Data Analytics Professional Certificate
- Responsive Web Design
- JavaScript Algorithms and Data Structures
- Front End Development Libraries
- Back End Development and APIs
- Data Visualization
- Meta React Basics
- SQL for Data Science
- Data Wrangling, Analysis and AB Testing with SQL

## PROJECT EXPERIENCE

### Stay

Booking app Jun 2023 - Jul 2023

- Developed a dynamic booking application with user authentication using React, Next.js, MongoDB, Prisma, and TypeScript.
- Implemented a responsive user interface to enhance user experience and accessibility.
- Utilized MongoDB to efficiently manage and store booking data and related information.
- Integrated Prisma for seamless database management and query operations.
- Leveraged TypeScript for enhanced code maintainability and type safety.
- Demonstrated a commitment to best practices, ensuring scalability and performance optimization

### Blog

Blogging app Mar 2023 - Apr 2023

- Developed a feature-rich blog using MERN stack (MongoDB, Express.js, React, and Node.js).
- Intuitive front-end design with React for interactive blog posts and reader engagement.
- MongoDB used for efficient blog post, comment, and user data management.
- Implemented Express.js for robust server-side logic and CRUD operations.
- Ensured seamless navigation with React Router for improved performance.
- Integrated user authentication and authorization for secure user interactions.

## EDUCATION

**Pangasinan State University** **Lingayen, Pangasinan**  
Bachelor of Science, Cum Laude, in Information Technology Aug 2022

**Pangasinan National High school** **Lingayen, Pangasinan**  
Graduated with High Honors Mar 2018

**Lingayen I Central School** **Lingayen, Pangasinan**  
Jan 2012

## SKILLS

- Proficient in HTML5, CSS3, and JavaScript.
- Knowledge with Tailwind CSS for responsive designs.
- MERN stack (MongoDB, Express.js, React, Node.js) and Next.js, integrating Prisma and TypeScript.
- Passionate about data analytics and creating data-driven applications.
- Eager to collaborate and continuously learn to make a positive impact on projects.
